The Rotunda Hospital Maternity Virtual Open Week 2020

Date: Sunday, 27th September - Saturday 3rd October

We are delighted to announce our Virtual Maternity Open Week from Sunday 27th September – Saturday 3rd October.

Normally we would love to meet you face to face but due to COVID-19 we're moving our Open Day online and spreading it out over the course of a whole week, from 27th September to 3rd of October.

From September 14th, you'll be able to submit questions via our website. Our team of experts will record answers and post them to our social media channels over the course of our Open Week.

There will be obstetricians and midwives, fertility specialists and sonographers, dietitians and physiotherapists available to answer your questions.

Prospective parents and mums-to-be will be able to get information on the diverse range of services that makes the Rotunda the Maternity Hospital of Choice.

We'll have staff available to talk about the Hospital's clinics and services, and the team from the Rotunda Private care will be on hand to provide you with information on private and semi-private options. You can ask the community midwifery team about services close to your home or find out the benefits of breastfeeding from our Lactation Team, and more.

We would also love to hear what topics you would like covered. Let us know what you would like to know about pregnancy and birth and we'll line up some of our experts to share their knowledge.

We will also have some prizes and giveaways during the week for those who get involved.
